## DISTRICTS IN DETAIL.

### DIST. NO. 2—GEO. FALLI, AGENT.

The school for the year was placed under the care of Mrs. M. Stella Brown. Mrs. Brown is a thorough and systematic teacher. The scholars made good progress and the school for the year was a success.

### DIST. NO. 3—JOHN COPELAND, AGENT.

Summer term was taught by Miss Annie Copeland. Miss Copeland succeeded in interesting her pupils and the examination showed the scholars had received a good drill.

Winter term was under the instruction of Miss Lettie Smiley, who is an experienced teacher. In this school, teacher and scholar worked together with the best of results. Order good.

### DIST. NO. 4—ALONZO SHOREY, AGENT.

Summer term taught by Lilla S. Parmenter who is much interested in her work and a good disciplinarian. Examination good. Her method of instruction is excellent. Profitable term.

Winter term was under the instruction of Mr. Thomas O. Knight of Unity. A young man of good scholarship and reputation as a teacher. On our first visit we expected an excellent school, but on our second, was much disappointed in the examination which was almost an entire failure. We think Mr. Knight worked hard for the interest of the school but by asking leading questions and answering them mostly himself made the school lacking in thoroughness which is essential to a profitable term.

## DIST. NO. 5—JOSEPH WHITTAKER, AGENT.

Summer term of eight weeks was taught Miss Lilla M. Whittaker of Albion. Miss Whittaker is a good scholar and practical in her manner of instruction, but not so firm in discipline as we think a teacher should be in this school. The closing examination showed that good work had been done.

Winter term by Miss Minnie F. Foss of Albion. Miss Foss is one of our best teachers, firm and impartial in discipline. At our first visit we found the school well organized and the scholars orderly and studious. Our last visit showed good improvement by those present.

## DIST. NO. 6—WM. A. VARNEY, AGENT.

Summer term was taught by Miss Maud Fletcher of China. This is a quiet orderly school and we think the term profitable to all.

Winter term by Mae E. Foss who is one of our best and oldest teachers. The school though small was almost perfect in examination showing hard and conscientious work by the teachers and pupils. The map drill deserves especial mention.

## DIST. NO. 8—G. B. WOOD, AGENT.

Summer term was taught by Anna A. Wood who has had charge of the school before. She is first class teacher and the term's work was well done.

Winter term by Charles E. Wilson who ranks as one of our best teachers. The school was much broken up by sickness but on the whole was a profitable term.

## DIST. NO. 9—CHARLES B. LITTLEFIELD, AGENT.

Summer term by Miss Carrie Whitaker of Albion. We think Miss Whitaker labored earnestly for the best interest of her pupils, but for some reason failed to gain the respect of some of her scholars, and they were not so orderly and studious as they should have been. At our last visit we found that some of the scholars had learned well.

Winter term by Mr. Fred Wiggin of Knox. Mr. Wiggin spared no pains to make his school a success. At the first of the term we found the order good, and the methods of instruction met our approval. The school is still keeping, at the time of making out this report, but we feel safe in stating that good work will be done.

## NO. 10—MAXEY HAMLIN, AGENT.

Summer term of eleven weeks was taught by Mrs. Mina N. Gerald of Albion. Mrs. Gerald seemed to know the wants of these few young scholars and labored faithfully for their best interests. When we visited the school near the close and scholars were studious and attentive. The improvement was good.

Winter term by Miss Fannie M. Shorey of Albion. At our first visit we found the order good and the classes well arranged. The closing examination showed that good improvement had been made.

## DIST. NO. 12—ORLANDO THOMPSON, AGENT.

Summer term was under the charge of Ellen F. Abbott, a teacher of much experience, who as usual taught a successful term. Good advancement and thorough. There are some fine scholars in this District.

Miss Lilla S. Parmenter had charge of the winter term. The advancement was good and the scholars were prompt in their recitation and we think Miss Parmenter gave general satisfaction in the discharge of her duties.

## DISTRICT NO. 13, JAMES HUSSEY, AGENT.

Summer term by Miss Alice S. Brooks of Palermo. This was Miss Brooks' first attempt at teaching. We think the few scholars under her instructions made good improvement.

Winter term by C. Jewett Lincoln of Albion. Though a beginner we think Mr. Lincoln succeeded well, but wishing to attend medical lectures at Brunswick he closed his school at the end of ten weeks and Mr. Perkins of Palermo was employed to finish the term. Mr. Perkins is a good scholar and with experience will make a good teacher.

## DISTRICT NO. 14, C. E. CLARK, AGENT.

Ella F. Shorey taught the summer term. Miss Shorey means business and understands how a school should be managed to make it a success; a profitable term was the result. Miss Shorey is one of our leading teachers.

Winter term was taught by Miss Ethel Clark of Unity. Miss Clark is perfectly at home in the schoolroom and the closing examination was a success.

## FREE HIGH SCHOOL,

There was a Free High school in dist. No. 8 taught by Mr. Lorin Herrick of Leeds and C. E. Wilson of Albion. There was a thorough examination made in both departments at its close which was nearly perfect showing that good systematic work had been done, making it a very profitable term.

Wages of Herrick, \$40 per month,	\$100	
Board, \$3 00 per week,	30	
Wages of Wilson,	50	
		\$180.

A term of Free High school was taught in dist. No. 9 by Miss Carrie A. Hatch of Liberty, a Kents' Hill student. This school was very large for one teacher, registering forty scholars. Miss Hatch is a wide awake energetic teacher; her methods are modern, practical and thorough. She succeeded at once in establishing order and gaining the respect of her scholars and we think the school gave general satisfaction. Term's work good.

Wages of teacher \$8 00 per week, ten weeks,	\$80.00
Cost of board \$2 00 per week,	20.00
Cost of term,	\$100 00

## REMARKS.

As a whole, your schools have enjoyed another year of prosperity and we have endeavored to give a faithful sketch of the work of your respective schools. There has not been a single case of complete failure in any school in town during the past year and cases of partial failure are very rare. Marked advancement in the majority of the studies has been noticeable. This has been due in a great measure to the earnest efforts of the teachers, encouraged by the support of the parents and your committee. Some of your schools are very small and with so few pupils, schools are not as interesting and where there is a lack of interest there is likewise a lack of profit. Your agents for the past year as a rule, were very fortunate in the selection of teachers. Some however think that because their school is small they must hire a cheap teacher in order to lengthen out the school, but we think that eight weeks of good school is better than twelve or more of poor school. Therefore our advice is hire a good competent teacher and pay them so that they can afford to teach a good school.

Respectfully submitted,

E. F. CROMMETT,  
W. L. DAVIS,  
DR. C. W. ABBOTT.

} SUPERINTENDING  
SCHOOL COMMITTEE  
OF ALBION.

Albion, March 1st, 1892.

## Report of Board of Health.

In submitting this our annual report we beg leave to say that we have complied with the requirements of the law and held four stated meetings during the year viz: May, August, December and March. At these meetings the sanitary condition of the town has been discussed, the general health of the community considered and various precautionary measures for the prevention of contagious diseases examined. No outbreak of contagious diseases has occurred, although it is evident that but for the prompt and decisive action of the members of the board in ferreting out three scarlet fever "suspects" belonging in Benton, from the crowd at the Albion fair in October last, the germs of that dreaded disease would have been sown broadcast in our midst.

Three complaints of nuisances have been made to the secretary and the same abated. The following deaths have occurred in town during the year ending March 1, 1892 ;

Horace Norton,	aged 69	April	1 heart disease.
Robert Plummer,	" 72	"	8 cancer.
Mrs. Eliza French,	" 75	"	13 old age.
Alvin Bragg,	" 79	"	16 heart disease.
Silas Bates,	" 82	"	22 influenza.
Nathan Wentworth,	" 72	"	26 stomach trouble.
Harrison Crosby,	" 78	"	27 pneumonia.
Mrs. Lucy Farnham,	" 69	May	3 erysipelas.
Mrs. Abigail Gould,	" 79	"	9 effects of a burn.
John Gould,	" 82	"	10 palsy.
Abel Works,	" 43	June	5 liver trouble.
Mrs. Addie Nichols,	" 27	July	9 consumption of the bowels.
David Fall,	" 78	Aug	7 kindey trouble.
Phillip Leonard,			28 consumption.
Aimer Pray,	" 49	Oct.	31 heart disease and dropsy.
Mrs. Elwin Goodwin,	" 7;	Nov.	24
Mrs. Sarah Rider,	" 50	Jan.	13 rheumatic meningitis.
