REMARKS.

FELLOW-CITIZENS: We take pleasure in noting the prosperous condition of our schools. While some have failed to reach the standard desired, the majority have met with our approval.

On account of the small number of scholars in districts Nos. 12 and 14, it was decided to suspend the schools. Schools in districts Nos. 4 and 10 were closed at the end of the sixth week on account of scarlet fever.

If parents would visit the school occasionally and make themselves familiar with the methods of the different teachers, we think a great improvement would be noticed.

We would recommend that the town raise \$50 for repairs on school-houses and \$75 for the purchase and exchange of text books.

Respectfully submitted,

C. E. WILSON, *Superintendent of Schools.*
